

Dimensional World Allocation 70/30 Trust

Diversified - growth

Objective

To provide a total return, consisting of capital appreciation and income, by gaining exposure to a diversified portfolio of companies and real estate securities listed on approved developed and emerging markets, and domestic and global fixed interest securities. Will seek to target approximately 70% exposure to equities and 30% exposure to fixed interest assets.

Investment approach

Normally, the manager will gain some or all of its exposure by investing in other funds managed by it that invest in equity, real estate and fixed interest securities.

About the investment manager
