Investment objective

Aims to provide long-term capital growth and income through investment in a diversified portfolio with an emphasis on Australian and international share investments and to outperform a composite benchmark (before fees and taxes) reflecting its allocation to the various asset types over rolling three-year periods.

Investment approach

Invests in a diverse mix of growth, defensive and other assets, with a focus on Australian and international shares. Tactical asset allocation strategies may be applied, which involves the fund adjusting its exposure to asset classes on a regular basis within the investment guidelines. Currency hedges may be used from time to time. Derivatives and exchange traded funds may be used in managing each asset class.

About the investment manager

Perpetual Investments is one of Australia's leading investment managers, with \$31.0 billion in funds under management (as at 30 September 2017). Perpetual Investments is part of the Perpetual Group, which has been in operation for over 130 years. By employing some of the industry's best investment specialists and applying a proven investment philosophy, Perpetual Investments has been able to help generations of Australians manage their wealth.
