Investment objective

Aims to provide returns from companies that are expected to deliver a growing dividend stream over time.

Investment approach

Invests primarily in Australian companies that have the potential to provide future growth in dividends. Expected to generate tax effective returns by investing in companies expected to have high franking levels and by carefully managing the realisation of capital gains.

About the investment manager

MLC has been looking after the investment needs for generations of Australians. MLC believes the best way to manage portfolios is to employ the skills of multiple specialist investment managers. MLC's investment experts have extensive knowledge and experience at designing and managing portfolios using a multi-manager investment approach.
