Investment objective

Aims to provide long-term capital growth through investment in quality global shares and outperform the MSCI World Net Total Return Index (\$A) (before fees and taxes) over rolling three-year periods.

Investment approach

The manager adopts a 'bottom-up' stock selection approach to investing, where the decision to buy or sell is based on fundamental quality and valuation. The manager constructs a portfolio within a framework that is benchmark independent in terms of stock and sector weights. The manager adds value from the portfolio manager's high conviction approach to stock selection. Currency hedging can be used with the aim of protecting the value of the fund's assets. Derivatives may be used in managing the fund.

About the investment manager

Perpetual Investments is one of Australia's leading investment managers, with \$27.7 billion in funds under management (as at 31 December 2018). Perpetual Investments is part of the Perpetual Group, which has been in operation for over 130 years. By employing some of the industry's best investment specialists and applying a proven investment philosophy, Perpetual Investments has been able to help generations of Australians manage their wealth.
