## Investment objective

Aims to achieve a long-term total return (before fees, expenses and tax) that exceeds the MSCI World ex Australia Index, in \$A hedged with net dividends reinvested.

## Investment approach

The fund provides exposure to a concentrated portfolio of global equities by investing in securities which, in the manager's opinion, offer strong and sustained earnings growth. The fund is actively managed using a benchmark unaware, fundamental, bottom-up and research-driven approach to build a portfolio of strong growth companies capable of generating wealth over long periods of time. The investment approach combines detailed financial analysis with business and management analysis. The portfolio is constructed with a primary focus on stock-based analysis and a bias towards strong growth companies which the manager believes are capable of generating high earnings growth.

## About the investment manager

Walter Scott is an independent global investment manager established in 1983, in Edinburgh, Scotland. Walter Scott is a classical, fundamental and long-term growth manager with a wealth of experience in global equity investment. Since inception, Walter Scott has remained wholly committed to global equity investing. Its core conviction is that over the long term, return to shareholders can only ever be as great as the wealth generated by the underlying businesses in which they are invested. The firm is a subsidiary and 100% owned by the Bank of New York Mellon Corporation.
