Recent investment management history

Investment option name changed from Aberdeen Actively Hedged International Equities Fund effective 26 February 2014

Investment manager changed from Aberdeen to Magellan Asset Management on 26 February 2014.

Investment objective

The primary objectives are to achieve attractive risk adjusted returns over the medium to long-term, while reducing the risk of permanent capital loss.

Investment approach

The manager aims to find companies at attractive prices which have sustainable competitive advantages which translate into returns on capital in excess of their cost of capital for a sustained period of time. The manager will endeavour to acquire these companies at a discount to its assessment of the intrinsic value of the companies. The portfolio will consist of 20 to 40 investments. This option does not hedge currency risk.

About the investment manager

Magellan is a specialist funds management business based in Sydney that manages global equities and global listed infrastructure strategies for high net worth, retail and institutional investors. Magellan is a wholly owned subsidiary of the ASX listed Magellan Financial Group (ASX code: MFG).
