Investment objective

The primary objective is to achieve attractive risk adjusted returns over the medium to long term, while reducing the risk of permanent capital loss.

Investment approach

Primarily invests in the securities of companies listed on stock exchanges around the world, but will also have some exposure to cash and cash equivalents. The manager can use foreign exchange contracts to facilitate settlement of stock purchases and to mitigate currency risk on specific investments within the portfolio. It is the manager's intention to substantially hedge the capital component of the foreign currency exposure of the portfolio arising from investments in overseas markets back to Australian Dollars.

About the investment manager

Magellan is a specialist fund management business based in Sydney that manages global equities and global listed infrastructure strategies for high net worth, retail and institutional investors. Magellan is wholly owned subsidiary of the ASX listed Magellan Financial Group (ASX Code: MFG).
