- The administration fee is deducted directly from the investment option before unit prices are declared.

Investment objective

The fund aims to outperform the RBA Cash Rate over the medium to long term (before fees and tax).

Investment approach

The fund aims to provide investors with access to an actively managed equities portfolio predominately comprised of long positions and short positions in Australian listed securities and constructed using the fund's net market neutral investment strategy. Long only positions are selected using in-depth fundamental analysis. The short portfolio is constructed using a combination of fundamental analysis, systematic strategies and other value-adding strategies.

About the investment manager

Firetrail Investments Pty Limited (Firetrail) is an active investment manager, specialising in high conviction equities investing. Firetrail is an investment management boutique that is majority owned by its investment staff. Firetrail employs a fundamental investment approach to the Fund's long portfolio to identify companies that it believes are undervalued over the medium term. Firetrail employs fundamental and systematic investment techniques with the aim of generating positive returns and mitigating risk. The investment style is unconstrained, which means Firetrail will invest in both 'growth' and 'value' companies, as well as across diverse industries and sectors. Firetrail employs a bottom-up approach to portfolio construction. Risk management is integrated throughout the process to understand and control stock specific, macroeconomic and market risk.
