Notes

- Investment management costs include investment manager's fees, estimated investment expense recoveries and other indirect costs as a percentage of the total average assets of the investment option based on latest available information, but excludes investment performance fee costs that may be charged or incurred by the investment manager and exclude indirect transaction and operational costs (refer to the Product Disclosure Statement for further information about fees and costs).
- Past performance is not an indicator of future performance.
- The administration fee is deducted directly from the investment option before unit prices are declared.

Investment objective

Aims to provide a return (after investment fees and expenses and before tax) which exceeds the S&P/ASX 300 Accumulation Index over rolling four-year periods.

Investment approach

The fund will invest in a diversified portfolio of quality ASX listed Australian industrial and resources shares, where these shares are identified by the manager as being undervalued.

About the investment manager

Investors Mutual ('IML') is a quality and value style Australian equities fund manager with a single-minded focus on achieving attractive long term returns for clients, with lower volatility than the market. We use deep fundamental research to uncover high-quality companies trading at reasonable valuations and have followed this same investment philosophy ever since we were founded, by Anton Tagliaferro in 1998. IML is an affiliate of Natixis Investment Managers.
