Investment objective

The fund aims to provide a return (before fees, expenses and tax) that exceeds the fund's benchmark over the medium to long term.

Investment approach

This fund is an actively managed diversified portfolio that invests in Australian and international shares, Australian and international listed property securities, Australian and international fixed interest, cash and alternative investments. The fund may gain exposure to its asset classes by investing in shares, bonds, cash, or derivatives. The fund may also invest in managed funds, exchange traded funds (ETFs), listed investment companies (LICs) and listed investment trusts (LITs) which invest primarily in such asset classes. The fund offers exposure to investments (within the Australian and international shares, Australian and international fixed interest and part of the alternative investments asset classes of the fund) that the manager considers aim to support positive environmental and/or social change via their investment processes, use of capital, and/or active ownership while avoiding exposure to those companies and issuers with business activities that the manager considers to negatively impact the environment or society. The fund also employs exclusionary screens (within its Australian and international shares, Australian and international fixed interest and part of its alternative investments asset classes) and will not invest in companies or issuers which directly produce tobacco (including e-cigarettes and inhalers) or manufacture controversial weapons. Additional exclusionary screens are also applied across these asset classes in relation to fossil fuels, uranium, logging, gambling, pornography, weapons, alcohol, tobacco, animal cruelty and predatory lending practices and breaches and misconduct. Exclusionary screens are not applied to investments in the fund's Australian and international property securities, part of the fund's alternative investments asset classes and certain financial instruments such as securities issued by government, semi-government or supranational entities, derivatives and cash.

About the investment manager

Pendal Institutional Limited ('Pendal') is an investment management firm focused on delivering superior investment returns for its clients through active management. Pendal offers investors a range of Australian and international investment choices including shares, property securities, fixed income and cash strategies, as well as multi-asset and responsible investments. To complement its in-house expertise, Pendal also partners with other leading investment managers. Pendal's experienced fund managers have the autonomy to offer a broad range of investment strategies with high conviction based on an investment philosophy that fosters success from a diversity of insights and investment approaches. Pendal's investment teams are also supported by a strong operational platform across risk and compliance, sales, and marketing and operations, allowing its fund managers to focus on generating returns for Pendal's clients.

Notes

- Investment management costs include investment manager's fees, estimated investment expense recoveries and other indirect investment costs as a percentage of the total average assets of the investment option based on latest available information, but excludes investment performance fee costs that may be charged or incurred by the investment manager and exclude indirect transaction and operational costs (refer to the Product Disclosure Statement for further information about fees and costs).
- Past performance is not an indicator of future performance.
- The administration fee is deducted directly from the investment option before unit prices are declared.
