## Investment objective

The portfolio aims to provide a total return, consisting of capital appreciation and income, by gaining exposure to a diversified portfolio of domestic and global fixed interest securities, equity securities companies and real estate securities listed on approved developed and emerging markets.

## Investment approach

The portfolio will gain its exposure by investing in strategies managed by Dimensional that invest in equity, real estate and fixed interest securities. The portfolio will seek to target approximately 30% exposure to equities and 70% exposure to fixed interest assets.

## About the investment manager

Dimensional is a global investment firm that has been translating academic research into practical investment solutions since 1981. Guided by a strong belief in markets, Dimensional offers a full range of strategies that focus on the drivers of expected returns and support the diverse needs of investors worldwide. The firm applies a dynamic implementation process that integrates advanced research, methodical portfolio design, and careful execution, while balancing risks, costs, and other tradeoffs that may impact performance. Dimensional is headquartered in Austin, USA, has global offices across North America, Europe, Asia, and Australia and has been in Australia since 1994. Dimensional applies robust investment principles to asset allocation. The approach starts with defining an investment goal and identifying the key risks relevant to this goal. Dimensional then builds a set of asset allocations that systematically and cost-effectively pursue reliable sources of higher expected returns while managing risks efficiently.
