Past performance is not indicative of future performance. Asset allocation as at 31 December 2025. Gross return is the performance net of investment management fees and transactional and operational costs, excluding the insurance expense. 2.5% LifeBooster and 5% LifeBooster is the gross return less investment management fee, administration fee and insurance expense, discounted by the relevant LifeBooster rate and the Lifetime Income Protection Provision. The inception dates of 2.5% and 5% can be different to the gross return inception dates to reflect when client money was first invested into the investment option. Returns are not annualised for periods of less than one year.
