* Represents ASX code of underlying ETF holding.

Recent Investment management history

Investment objective

The fund aims to provide investors with the performance of the spot U.S. price of gold, before fees, taxes and expenses.

Investment approach

The fund aims to achieve its investment objective by investing in precious metal-linked securities secured by physical gold bullion. The fund will implement its investment strategy through an investment in securities issued by the iShares Physical Gold ETC (Underlying ETC). The fund may also be exposed to a small allocation of cash (or cash equivalents, that may include other BlackRock Group funds) for cash flow management purposes the Underlying ETC is an Irish-domiciled exchange-traded commodity that trades on the London Stock Exchange plc. The securities issued by the Underlying ETC are backed by physical gold bullion held by or on behalf of BlackRock in secured London vaults. Through its investment in the Underlying ETC, the fund provides investors with exposure to physical gold bullion, without having to take physical delivery or arrange storage. Neither the fund nor the Underlying ETC applies currency hedging. The fund does not use derivatives and does not intend to borrow.

About the investment manager

BlackRock's purpose is to help more and more people experience financial well-being. As a fiduciary to investors and a leading provider of financial technology, we help millions of people build savings that serve them throughout their lives by making investing easier and more affordable.

iShares unlocks opportunity across markets to meet the evolving needs of investors. With more than twenty years of experience, a global line-up of over 1,700 plus exchange traded funds (ETFs) and US$5.2 trillion in assets under management as of 30 September 2025, iShares continues to drive progress for the financial industry. iShares funds are powered by the expert portfolio and risk management of BlackRock.
