Maximum Age Pension Rates

	Total (per fortnight)	Total (per year) ¹
Single ²	\$1,237.70	\$32,180.20
Couple (Combined)	\$1,866.00	\$48,516.00

Assets test thresholds

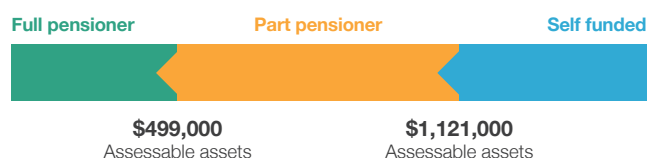

Single - Homeowner

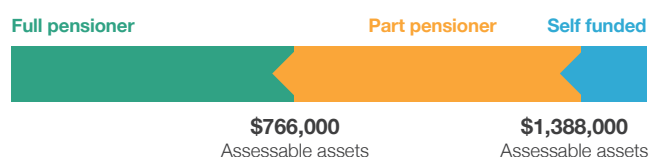

Single - Non-Homeowner

Couple (combined) - Homeowner

Couple (combined) - Non-Homeowner

Lifeline

Lifeline is an investment-linked lifetime annuity that provides a regular income that is guaranteed for life and offers the potential to access some or more of the Age Pension and ancillary benefits.

Means tested asset value	Under the assets test, only 60% of your clients' investment amount is assessed. From age 85, subject to a minimum of 5 years from the date of investment, only 30% is assessed.
---------------------------------	---

Means tested income value	Only 60% of your clients' Lifeline annual income is assessed under the income test.
----------------------------------	---

Did you know: For every \$200,000 invested in Lifeline, assessable assets reduce by \$80,000. This equates to an increase in Age Pension benefits for your clients of \$6,240 a year or a risk free return of 3.12%.³

Where your clients have assets or income greater than the qualifying limits for the Age Pension, they may still be able to access some government benefits by qualifying for the Commonwealth Seniors Health Card.

FuneralBond

FuneralBond is a clever, considerate way for your clients to save and pay for their future funeral costs.

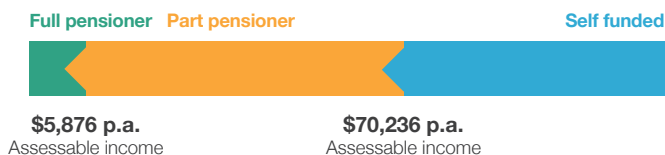

FuneralBond is exempt (up to certain limits) from the social security assets test and deeming provisions for the income test that applies to the Age Pension, Service Pension and other means-tested government entitlements.

Did you know: \$16,250 invested in a FuneralBond, results in a \$16,250 reduction in assessable assets. This equates to an increase in Age Pension benefits for your clients of \$1,268 a year or a risk free return of 7.80%.³

Bonds Custodian Trust

Bonds Custodian Trust is a unique feature of Generation Life's LifeBuilder Investment Bond, and can provide your clients with certain financial and estate planning benefits.

These benefits may include the potential to improve entitlements and benefits associated with the Age Pension income test and aged care costs.

The Social Security Act 1991 and Veterans' Entitlements Act 1986 requires that only actual income distributions from a designated private trust be assessed for income test purposes. That is, a designated private trust (and its assets) are excluded from income deeming requirements.

The Bonds Custodian Trust is classified as a designated private trust and a controlled trust of the investor under relevant legislation.

1. Annual amounts are approximate. Rates include pension and energy supplements.
2. Applies to each member of a couple separated by illness
3. Assuming eligibility, and without taking into account the benefit of Age Pension indexation.
4. As at 30 June 2026.

All decisions regarding social security benefits for individuals will be made by Services Australia or the Department of Veterans' Affairs officers based on social security law and the circumstances of the individual at the time of claim. The lower asset threshold is indexed each 1 July and asset cut-off limits are indexed each 20 March, 1 July and 20 September. Maximum pension reduced by \$3 per fortnight for every \$1,000 over lower threshold. Maximum Age Pension Rates are indexed each 20 March and 20 Sept.

Deemed assets to income

Deemed Assets	Assessable Income	
	Single	Couple (combined)
\$100,000	\$2,414	\$1,750
\$200,000	\$6,164	\$5,288
\$300,000	\$9,914	\$9,038
\$400,000	\$13,664	\$12,788
\$500,000	\$17,414	\$16,538
\$600,000	\$21,164	\$20,288
\$700,000	\$24,914	\$24,038
\$800,000	\$28,664	\$27,788
\$900,000	\$32,414	\$31,538
\$1,000,000	\$36,164	\$35,288
\$1,100,000	Ineligible	\$39,038
\$1,200,000	Ineligible	\$42,788
\$1,300,000	Ineligible	\$46,538
\$1,400,000	Ineligible	Ineligible

Deeming is a set of rules used to work out the income assessed from the capital value of your clients' financial assets. Example: A single person with a total balance of \$400,000 comprising of cash in the bank and an account-based-pension, would have an assessable income of \$13,664.

About Generation Life
